## HAPPY SPRING !

I know the cold weather and snow is forecast to return as soon as today, but you know it won't stay on the ground for too long as we progress into the Spring equinox around 9pm tonight. Even though this has been an unusually mild and downright warm Winter, there's so much more you can do during the Spring/Summer months. Bring on the equinox.

## RUMMAGE SALE TODAY AND TOMORROW

The 2-day Rummage Sale at the Memorial Hall starts at 11 am today and running until 6pm and tomorrow get your treasures from 10am to 7pm. The fund raiser is the brainchild of Chelsie Lingenfelter and Allison Gifford of Shaunavon. These two have worked tirelessly sorting and setting up merchandising for the products, and 100% of the proceeds go towards the Eastend Memorial Hall. Items are \$2 and less! Corn chowder or chilli served for lunch.

## 2024 Stegner Fund Raiser Report by Alan Howard

The Eastend Memorial Hall was the setting for the annual Stegner fund raising dinner on Saturday March 16th. The tables were set with elegant black tablecloths and flowers on them with both round and long tables accommodating everyone. In the bar area there were a vast selection of articles for the silent action, in addition, there were some where you could purchase tickets and enter a draw. Guest could purchase beer or wine (by the bottle) from the bar as they pursued the many items up for auction.

The evening was opened by MC Ann Arnal (Howell) with a greeting and overview of the evening events. After the opening ceremonies the crowd was entertained by the present resident of the Stegner House, Cori Brewster from Canmore, Alberta, a composer and singer. It was then time for guests to enjoy the wonderful roast pork meal cooked and served by the Eastend Kinsmen Club.

After the dinner was completed Anne introduced the guest presenter, Donnie White. Donnie's presentation of rare photographs of the southwest area was so enlightening and informative. Not only did the audience get to see photographs of the area from the 1870's to the 1930's but Donnie's background allowed for in-depth explanation of the photographs and the history of the area brought history alive. Donnie's presentation was divided into two sections with a short intermission where guest could visit and bid on the auction items.

After Donnie's presentation, Shelly Morvik read a short excerpt from Wallace Stegner's work. This is always done at this dinner and highlights what he wrote and thought of the Eastend area. After this reading Katherine presented a short powerpoint on the upcoming music event, Big Flat Folk Fest, to be held in Eastend on July 13th. (see the writeup here in the Echo for more details). The evening wrapped up with the winners of the auction being announced, and Anne thanking the various sponsors of the evening. All in all it was a wonderful, entertaining and informative evening that only happens in small towns like ours.

## Report from the Legislature March 7, 2024

Later this month, the new provincial budget will deliver the largest ever increase in school operating funding and a record new commitment to address classroom size and complexity. Premier Scott Moe recently took the unusual step of announcing part of the education budget prior to budget day, to clearly demonstrate our government's commitment to address teachers' concerns around classroom supports.

The 2024-25 provincial budget will include the largest increase in school operating funding in Saskatchewan's history. There will be \$180 million of increased funding, up nearly 9 per cent, to \$2.2 billion. This increase will include over \$356 million that is specifically allocated to classroom supports, an increase of over \$45 million or about 15 per cent since last year.

In light of these significant new commitments, we are asking the STF to pause their job action so that teachers and students can return to their classrooms, and the teachers' union can return to the bargaining table.

Our government recently introduced the Saskatchewan Labour Market Strategy, outlining how the province will ensure Saskatchewan people benefit from the jobs our economy is creating and that Saskatchewan employers have access to the workforce needed to succeed. The strategy outlines how the province is preparing people for both current and emerging jobs in Saskatchewan and aligning training opportunities in post-secondary institutions to the needs of industry.

A strong labour force drives healthy economies and successful communities, and this strategy is our roadmap to secure a labour force that keeps pace with growing demands and opportunities of our economy. Through strategic investments that align the workforce with the needs of industry, we are ensuring that investment in to our province is supported and that growth translates into a better quality of life for Saskatchewan people.

Our province's growing labour force is supported by a growing economy. Saskatchewan's agriculture sector continues to experience growth, further fuelling a strong provincial economy. Agri-food exports to India have increased in volume by over 71 per cent from 2022 to 2023. Exports of Saskatchewan lentils and peas to India, the province's largest pulse market, experienced significant growth by the end of 2023.

Our government ensures Saskatchewan's agricultural industry can continue to grow through strategic investments that support the industry. Details of the 2024 Crop Insurance Program have recently been released, building on the existing suite of Business Management Programs offered by the Saskatchewan Crop Insurance Corporation (SCIC).

All producers are encouraged to take a proactive approach to tailor their coverage to further manage and mitigate their risk. March 31, 2024, is the deadline for Saskatchewan producers to apply, reinstate or cancel their Crop Insurance contract. Producers must select insured crops and coverage levels or make additional changes by this date. Producers can speak to their local SCIC office to make any changes or coverage will remain the same as the previous year.

A strong and growing economy ensures investments can be made in key services, such as health care, as well. Saskatchewan is investing in several breast cancer and screening initiatives to support substantial detection and treatment enhancements for patients.

A new Breast Health Centre in Regina was just announced, which will provide diagnostic imaging, consultation with specialists and surgeons, and patient education, support and navigation. It will also provide on-site access to post treatment care, such as therapies and rehabilitation.

Family physicians and nurse practitioners will be able to refer patients directly to the new centre, helping to reduce wait times. The new centre will be located at Regina Centre Crossing on Albert Street and will be open within the 2024-25 fiscal year.

The province is also making changes to the screening age eligibility from the current 50 and older to include women aged 40-49. In addition, new 3D breast imaging and breast tumour localized “seed” technology will enhance breast cancer detection, result in fewer delays and cancellations, and offer less discomfort for patients. Our government is committed to continuing to make targeted investments in health care so you can receive the care you need when you need it.

As our government continues to move through the spring sitting of the Legislative Assembly and prepares for the presentation of the provincial budget on March 20, we look forward to hearing from you! Please reach out to my office to share any comments or concerns.

*Notes of Hope*

But he was pierced for our rebellion,  
crushed for our sins.  
He was beaten so we could be whole.  
He was whipped so we could be healed.  
All of us, like sheep, have strayed away.  
We have left God's paths to follow our own.  
Yet the Lord laid on him  
the sins of us all.
